We are a group of people of all ages, interested in the natural world. Members may be experts in particular fields: geology, fauna, and flora, or they may simply enjoy the breadth of natural history. All are keen both to learn and to share their particular knowledge with others.

Speaker nights are held on the second Wednesday of each month (except Dec and Jan) at 7:00pm at the Olive Pink Botanic Garden Visitors Centre.

Newsletters are published ten times a year.

We also have a variety of field trips and walks throughout the year.
